Hampshire Safeguarding Adults Board

Safeguarding Adults Lead Network An event for independent care providers

9.00 am – 12.45 pm Thursday 28th July 2016 - Kings Community Church, Hedge End

“Safeguarding is everyone’s business”

In April 2015, the Care Act (2014) introduced a new statutory framework for adult safeguarding, putting it on a statutory basis as for safeguarding children.

As part of its on-going drive to support the development of best practice in adult safeguarding work, the Hampshire Safeguarding Adults Board has developed a Safeguarding Adults Lead (SAL) Network. This is a network of ‘champions’ who take the lead for adult safeguarding within their organisation.

This workshop provides an opportunity to find out more about the latest national and local developments in adult safeguarding, the guidance and tools available to support safeguarding adult leads including the Engaging Hampshire Communities materials. You will also be able to meet adult safeguarding ‘champions’ from other organisations.

Please email: sarah@hampshirecare.org to book a place on this workshop.

Content

- Care Act 2014 – key messages
- Local safeguarding adults process
- Role of the Safeguarding Adult Lead
- Guidance and tools available
- Engaging Hampshire Communities
