

I wish to make the following submission to the to the Commons Communities and Local Government Select Committee examination of Adult Social Care

NAME: *Your Name*

ORGANISATION NAME: *Your company name*

ABOUT THIS ORGANISATION: *eg: no of beds*

The impact of the 2015 Spending Review and Local Government Finance Settlement, including the two per cent council tax precept, the Better Care Fund, and the National Living Wage, on whether the funding available for social care is sufficient to enable local authorities to fulfil their duties under the Care Act 2014 to assess and meet the needs of people in need of care and support

The fees paid by Portsmouth City Council (amend *as necessary*) for residents in our care are:

- £411.53 Dependent elderly or blind)
- £463.83 (Dependent elderly with dementia)
- £509.47 (Elderly nursing)
- £561.77 (Elderly nursing with dementia)

(amend rates as appropriate)

Our private fees are: £ (per week)

In 2016, PCC (amend *as appropriate*) awarded an increase of just 1.1% (amend *as appropriate*) to providers.

Our costs have gone up by [percentage / per bed / however you can measure it] since [date].

Factors in this increase have been:

- the introduction of the National Living Wage,
- the start of auto-enrolment pension contributions
- any other factors you can think of

Over the next few years, our costs will continue to rise by [if you can calculate an amount or percentage include that here, and remember to say whether this is 'next year' or 'per year' or 'over the next 3 years' of whatever...] and/or because of [any more factors you want to include].

The role of carers in providing adult social care, the relationship between local authorities and carers and whether the funding available is sufficient for local authorities to assess and meet their needs.

Any answer you want to make

The effect of local authority adult social care commissioning practices and market oversight functions on their local social care markets

Any answer you want to make

Innovative approaches to the design and delivery of adult social care, for example use of digital technology, and the progress made by local authorities and health services to deliver integrated health and social care by 2020, and the expected outcomes

Any answer you want to make
